Hands

Discuss Why  
& Because?

## HOW TO BE SAFE AT THE BEACH

1. We only go near water with an adult, never without them. **Remember: Hold Hands.**
2. We always swim between the red and yellow flags.
3. We always stay close to the shore.
4. We wear sunscreen and a hat.
5. We always make sure that our adults can see us.
6. We do not follow our toys if the wind blows them away.
