

Hold Hands

Discuss Why
& Because?

HOW TO BE SAFE AT THE FARM

1. Find the water around the farm - **Slurry pits, Drinking troughs, Buckets and Barrels, Deep puddles, Lakes and Ponds, Stream**
2. We only go near water with an adult, never without them. **Remember: Hold Hands.**
3. Farms are not a good place for swimming/getting wet!
4. We always make sure that our adult is watching us on the farm.
5. Stay away from edges, don't get too close.
